OUR STORY

Excellence, Quality, & Integrity

Our Story

Founded in 2005 as the successor to a fifty-year-old real estate development company, Atlanta-based MDH Partners has participated in over \$6 billion (80 million square feet) of acquisitions, developments, and asset management as an advisor and investor.

 MDH Partners

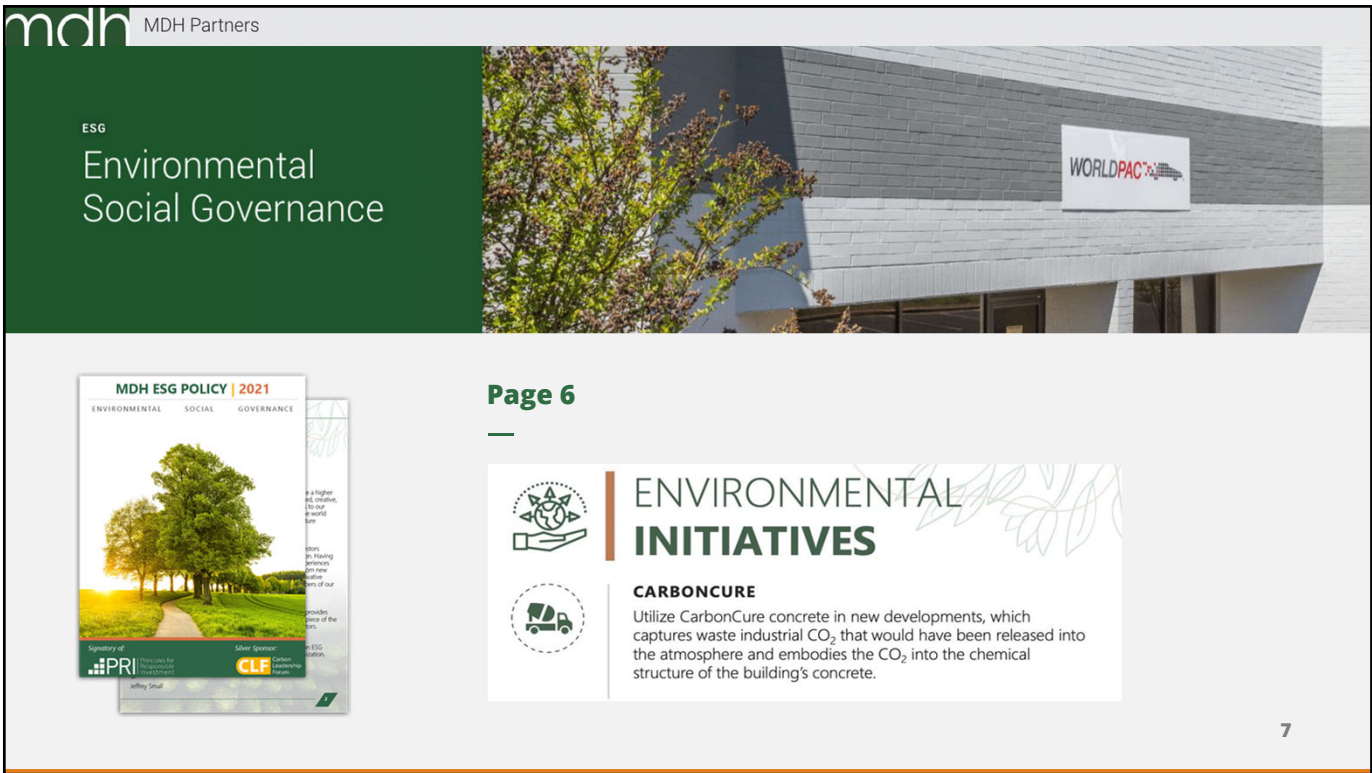

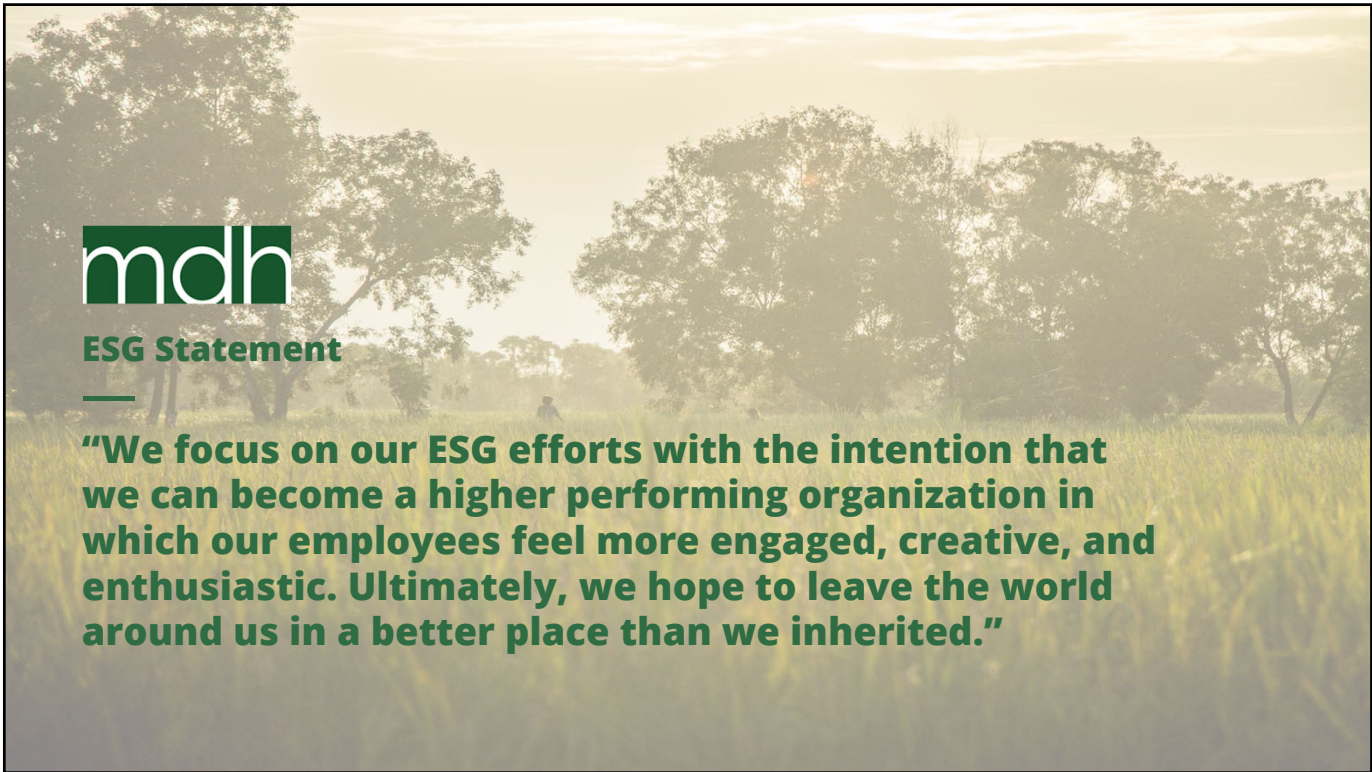

PHILOSOPHY

Our Duty is to Our Investors

Our Philosophy

We focus on our ESG efforts with the intention that we can become a higher performing organization in which our employees feel more engaged, creative, and enthusiastic and thus provide consistent above-market returns to our investors.

ESG
Environmental
Social Governance

WORLD PAC

Our Intention

"We have the opportunity today to become a leader in our space on ESG issues that can have positive impacts beyond the size of our organization."

 **CARBON CURE™**

THANK YOU!

CarbonCure beneficially repurposes carbon dioxide to reduce the carbon footprint of concrete without impacting performance.

A large orange concrete mixer truck is parked next to a large stainless steel industrial tank. The tank has a CarbonCure logo on it. The truck's drum has a message that reads: "WHO KNEW TREE POWDERING CONCRETE WOULD BE LIKE PLANTING TREES?"
